About us

Prospective members should clearly understand that BDYC is a 'club', not a marina. As such, it is a community whose members are expected to assist each other and actively participate in community activities (e.g. racing, key social events etc.) as their schedules, health status etc permit.

Since BDYC is administered and operated almost entirely by volunteers., all members are required to assist with key activities (docks in/boats in for example) and to volunteer for at least two activities per year (e.g. dock building, assisting Directors with tasks etc.) They are also expected to serve on the Board of Directors within five years of joining.

Our tradition of volunteerism and mutual assistance not only keep costs to a minimum, but ensures members derive maximum enjoyment from the club. To new members, we have a simple message: 'Welcome aboard!'

My signature below indicates I have read the above and agree to be an active participant in the community and abide by the club rules and policies as published in the Member Handbook.
